nine.

Lands appropriated by law for the use of schools, military, of other purposes, will be excluded from the sales; also all quarter quarter sections covered in whole, or in part, by these mining leases which shall not be determined by the day fixed for the comencement of the sales.

Pre-emption claims will not be allowed to any of the above lands.

The sales will each be kep' open for two weeks, (unless the battle are sconer disposed of) and no longer; and no private entries of land in the townships and fractional townships so offered wiff be admitted until after the expiration of two weeks from the com-

The lands in the DIXON district, embraced in the above procla-The lands in the DIXON district, embraced in the above proclamation of the President of the United States, were explored by Mr. Owen, the geologist of the State of Indiana, under instructions from the Treasury Department, and in compliance with a resolution of the House of Representatives, passed 6th Feb uary, 1839. The able report of this gentleman, published as document No. 219, House of Pepresentatives, first session of 28th Congress, shows that these lands include all the productive mines, and the entire region in which, from observations during his survey, there is reason to believe that valuable veius of ore may readily be found. Further, that in 1859, the lead mines of fillinois, towa, and Wisconsin, though only patially worked, p adaced upwards of thity millions pounds of leat—those of Illinois yielding their full proportion—and that the whole district, if p operly mined, would yield one hundred and fifty millions pounds per annum.

y millions pounds per annum. These lands being situated on and near the Missisippi and Fever ivers, the cost of transporting the p oducts of them to St. Louis is ally about fifteen cent- per hundred pounds. The soil is of excel-ent quality, and yields abundantly oil the products of that latitude. The lands in the SHAWNEETOWN district have not been ex-The lands in the SHAWNLETOWN undercoveries have been plored as fully as those in Dixon. Recent discoveries have been made, however, of rich veins of the sulphuret of lead and zinc, con-

trifling cost. Acting Commissioner of the General Land Office. 32-18wis By the President of the United States,

Fractional townships eighty-seven and eighty-eight, of range four.
